## **COWICHAN BAY VILLAGE FLUSHING NOTICE**

The Cowichan Bay Waterworks District will conduct the annual flushing of the water system for the **Village Zone** on:

**Wednesday, April 1, 2026  
between the hours of 6:30 am and 9:00 am**

Businesses may experience a drop in water pressure, air in the lines and discoloration of water during this timeframe. After water pressure is restored, run a cold tap (the closest tap to where the water enters your business) until the water runs clear.

More detailed information about water main flushing is available on the website at:

<https://cowichanbaywater.com/documents/342/WaterFlushingNoticeFAQ.pdf>

Thank you for your cooperation!

Nicole Ponte

District Administrator
